

PRE-CONGRESS WORKSHOP
Annual Scientific Congress College of Surgeons Malaysia 2016
Masterclass in *Breast & Colorectal* Cancer
Surgery for Community Surgeons and Practitioners

11th May 2016 (Wednesday)
 Auditorium, Level 13, South Tower, University Malaya Medical Centre

Breast and colorectal cancer make up 30% of all cancers in Malaysia. The talks and interactive sessions include updates on surgical margins and axillary staging in breast cancer and the role of screening and treatments in colorectal surgery. The evolving roles of nurses in breast care and stoma nursing will be presented. A parallel session on the latest updates on skills for breaking bad news at diagnosis, shared decision making and a hands-on communication skills workshop will be conducted.
