Note

*The dates of the MREC Meetings are subject to change.

*Please note that study applications submitted before the submission deadlines may not necessarily be slotted in for the subsequent month's meeting as to allow earlier studies submitted to be discussed first.

*Based on our SOP, the review time of a new study from receipt of an application by the secretariat to the MREC Chair's first decision is 60 working days. Please plan your study submissions based on the turnaround time for study applications.
